

Dear Mr. McCall

11-13-08

I will miss you when you go away
I liked when the class went in the computer
lab and when we did the water bottles
seeing how the layers were forming. I also liked
how we smashed the clay and candy. Yummy!!
I'm very sorry you have to leave. Bye.

Good Luck!!!

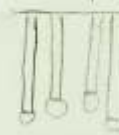

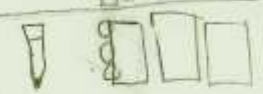

From your ^{ex-student} student

Dear Mr. McCall,
I think you are a really good teacher I hope you
get good students!

Thank you
for
being
my
teacher

you're the best!

Dear Mr. McCall, Oh Igenous,
Sedimentary

Hi! How are you? Did you get and
my letter? This is my real Metamorphic
in Thai:

supposed to change my
last name to my mom's last
name.

Please write back!

Your Student,

P.S. Remember when you use to
call me [redacted] and
call [redacted] [redacted]? It was
funny! Mrs. Marie still call us
that in class because my name
and [redacted] name starts with
a [redacted]. We all miss you. :.:

Dear Mr. McCall thanks for teach
me about rocks. The most interesting
rock to me is the Igenous rock, because it was
out of Volcanos.
